CERTIFICATION

Windhorse Vineyard is LIVE and Salmon Safe Certified. We are certified sustainable in the LIVE program (Low Input Viticulture & Enology: <https://livecertified.org/>). Every year, every aspect of our farming practices & the materials we use, such as fertilizers, fungicides & pesticides, are logged, documented, & 3rd-party independently verified to meet international sustainability standards.

In addition, we meet or exceed the standards to be certified Salmon Safe (<https://salmonsafe.org>), meaning that our farming practices protect water quality & maintain watershed health for anadromous fishes such as salmon & steelhead.

MANAGEMENT

Windhorse Vineyard is being professionally managed by Results Partners (RP), Oregon's premier vineyard management company. RP is well known for elevating vineyards and fruit quality to superior levels. With either tonnage-based or acreage contracts, clients' preferred viticultural practices and grape harvest parameters can be tailored to the winery and winemakers' demands.
